# Texas Migrant Interstate Program (TMIP)

Coordination, Collaboration, and Connections

The TMIP Newsletter is produced twice a year to keep you updated on our activities.

This newsletter brought to you by the Texas Migrant Interstate Program A State Initiative for the Texas Education Agency  
VOL. 10, ISSUE 2 AUGUST 31, 2022

### End of Fiscal Year News

Warm Texas Greetings, Everyone! As we come to the end of our fiscal year, we thank you for everything you do for our Texas migratory students. So many educators from throughout the nation, impact the academic lives of these students. You make a world of a difference to them!

### Transferable Summer School Credits

As the summer comes to an end and we begin our new fiscal year the TMIP will be forwarding all summer credits, enrollment, partial hours or any other academic information we obtain from receiving states. Please take time to review and ensure that the students listed don't retake courses completed out of state. If you have any questions, call us so that we can check with receiving states and clarify any questions you may have.

### STEM Summer Leadership Camp Participation

Congratulations to the migratory students that were selected for this year's STEM Leadership Summer Camps at Rice University. Many thanks to the participating regions.

Region 4	Galena Park ISD	5 students
	Houston ISD	8 students
	Pasadena ISD	4 students
Region 6	Conroe ISD	1 student
Region 8	Mt. Pleasant ISD	1 student
	Pittsburg ISD	1 student
Region 10	Irving ISD	2 students

Visit our website to view a video submitted of this year's students learning at camps!

Awesome job!

TMIP Workshop

TMIP Presentations

Greetings MEP Family! It has been another wonderful year, filled with new challenges for our migratory students. However, thanks to your relentless dedication, our migratory students always have someone to lean on and guide them. Everyone in the MEP plays an essential part in the academic lives of our students. Thank you for all you do!

### TMIP Intra/Interstate Secondary Credit Accrual Workshop (Virtual)

Due to the continued caution with COVID-19 and to ensure the safety of our extended intra/interstate MEP family, our annual Intra/Interstate Secondary Credit Accrual Workshop took place virtually. The TMIP two-day workshop offered a variety of topics throughout thirty-three sessions. Presenters shared valuable information to intra/interstate administrators, counselors, and parents. Parents were able to participate in any of the English or Spanish sessions that were available. There is no registration cost associated with attending the TMIP workshop sessions.

### Intra/Interstate presenters included:

- Texas Education Service Centers: ESC 1, ESC 4, ESC 6 and ESC 20
- Texas Education Agency: MEP and Assessment Division/Curriculum Standards & Student Supports
- Office of Migrant Education: MEP and MSIX
- Interstate MEP: Florida, Indiana, Illinois, Minnesota, North Dakota and Washington State
- Texas Local Education Agencies: Edinburg CISD, Pharr-San Juan-Alamo ISD, Garland ISD
- Other Organizations: Arroyo Research Services, College First Program, META Associates, and HEP/CAMP Association

### Presentations

TMIP staff conducts presentations in coordination with all Texas local education agencies, education service centers and staff in receiving states. We offer bilingual, virtual and/or in-person presentations. Our presentations cover the services provided by TMIP, educating parents on the educational system, out-of-state testing opportunities, summer STEM leadership program opportunities among many other topics of interest specifically geared at the migratory student population and their families.

#### MINNESOTA STATE ASSESSMENTS

State tests **are not considered** part of Minnesota's high school graduation requirements. State assessments are given to students in a district once a year, based on their grade level and subject area.

- **Reading:** MCA or MTAS (grades 3-8, 10)
- **Mathematics:** MCA or MTAS (grades 3-8, 11)
- **Science:** MCA or MTAS (grades 5, 8, and once in high school)

#### Graduation Assessments

Students are not required to achieve a specified score or level of proficiency on any statewide assessments in order to graduate from high school.

#### COMPULSORY ATTENDANCE POLICY

Minnesota compulsory education law requires that every child between 7 and 17 years of age must attend and receive instruction unless the child has graduated from high school.

#### SUMMER MIGRANT PROGRAMS

Minnesota Summer Migrant Program is a K-12 grade program taking place in many regions of the state where the migratory students are located. The dates of the programs vary according to the harvest of the region but typically certain areas begin the second or third week June and operate for five to six weeks. Migratory students are provided with a wide range of instruction according to their needs by licensed teachers. Services may include, but are not limited to:

- Transportation and Meals
- Individualized Services Based on Students Needs
- Secondary Credit Recovery and Credit Advancement: Online Courses, Face to Face Instruction, UT Credit by Exam, PASS/MiniPASS
- SAT/ACT Online Preparation
- Reinforcement of Academic Skills
- Emphasis on Reading and Math Instruction
- English Language Learner Instruction and Services
- STEM Skills
- Enrichment Activities
- College and Career Readiness and Exploration
- Out-Of-School Youth (OSY) Services and Referrals
- Out-Of-State Testing and Testing Preparation
- Health Services and/or Referrals
- Cultural and Family Activities

**Note: At the time of publication, TMIP was pending updates from this state. The information posted was obtained from their respective Department of Education website.**

### MINNESOTA

#### Interstate Migratory Student Cooperative Agreement (IMSCA)

A signed IMSCA between the Texas Education Agency and a receiving state, allows Texas migratory students an additional opportunity to take the Texas mandated assessments to meet graduation requirements while in a receiving state.

Currently, we do not have a signed IMSCA in place for your state.

For additional information contact the Texas Migrant Interstate Program (TMIP) 1(800) 292-7006.

#### Minnesota Graduation Requirements

- In order to graduate from Minnesota public high school, a student **must complete the minimum of 21.5 course credits.**
- Individual local school districts **may require more than the minimum credits** established by the state.
- The State of Minnesota requires that **all students complete Algebra I in the 8th grade.**

Courses	Graduation Requirements	
	Minnesota High School Plan	Texas Recommended High School Plan (Freshmen 2014-2015 to present)/ or with an Endorsement
English Language Arts	4	4 (English I, English II, English III, An advanced English course)
Math	3 (including Algebra II, Geometry and Statistics/Probability)	4 (Algebra I, Geometry, An advanced math course) <b>Endorsement: Algebra II</b>
Science	3 (1 Biology, 2 credits of science)	4 (Biology, IPC or an advanced science course, An advanced science course) <b>Endorsement: 4th science credit</b>
Social Studies	3.5 (U.S. History, Geography, World History, Government/ Citizenship and Economics)	4 (U.S. History, Government/0.5, Economics/0.5, World History or World Geography)
Health		0
Physical Education		1
Fine Arts	1	1
Speech		0.5
Other		***File a FAFSA, TASFA or a waiver with TX school district
Technology Application		0
Language other than English		2 (Same language or 2 credits from Computer Science I, II, III)
Electives	7	5.5 electives / or 2 additional electives to earn an endorsement
Total	21.5 Credits	** 26 Total credits with 1 Endorsement + State Assessments

\* Individual school districts may require more than the minimum credits set by the state.

\*\* For more information, refer to pages 111-112 to view Texas Graduation Plans and Endorsements.

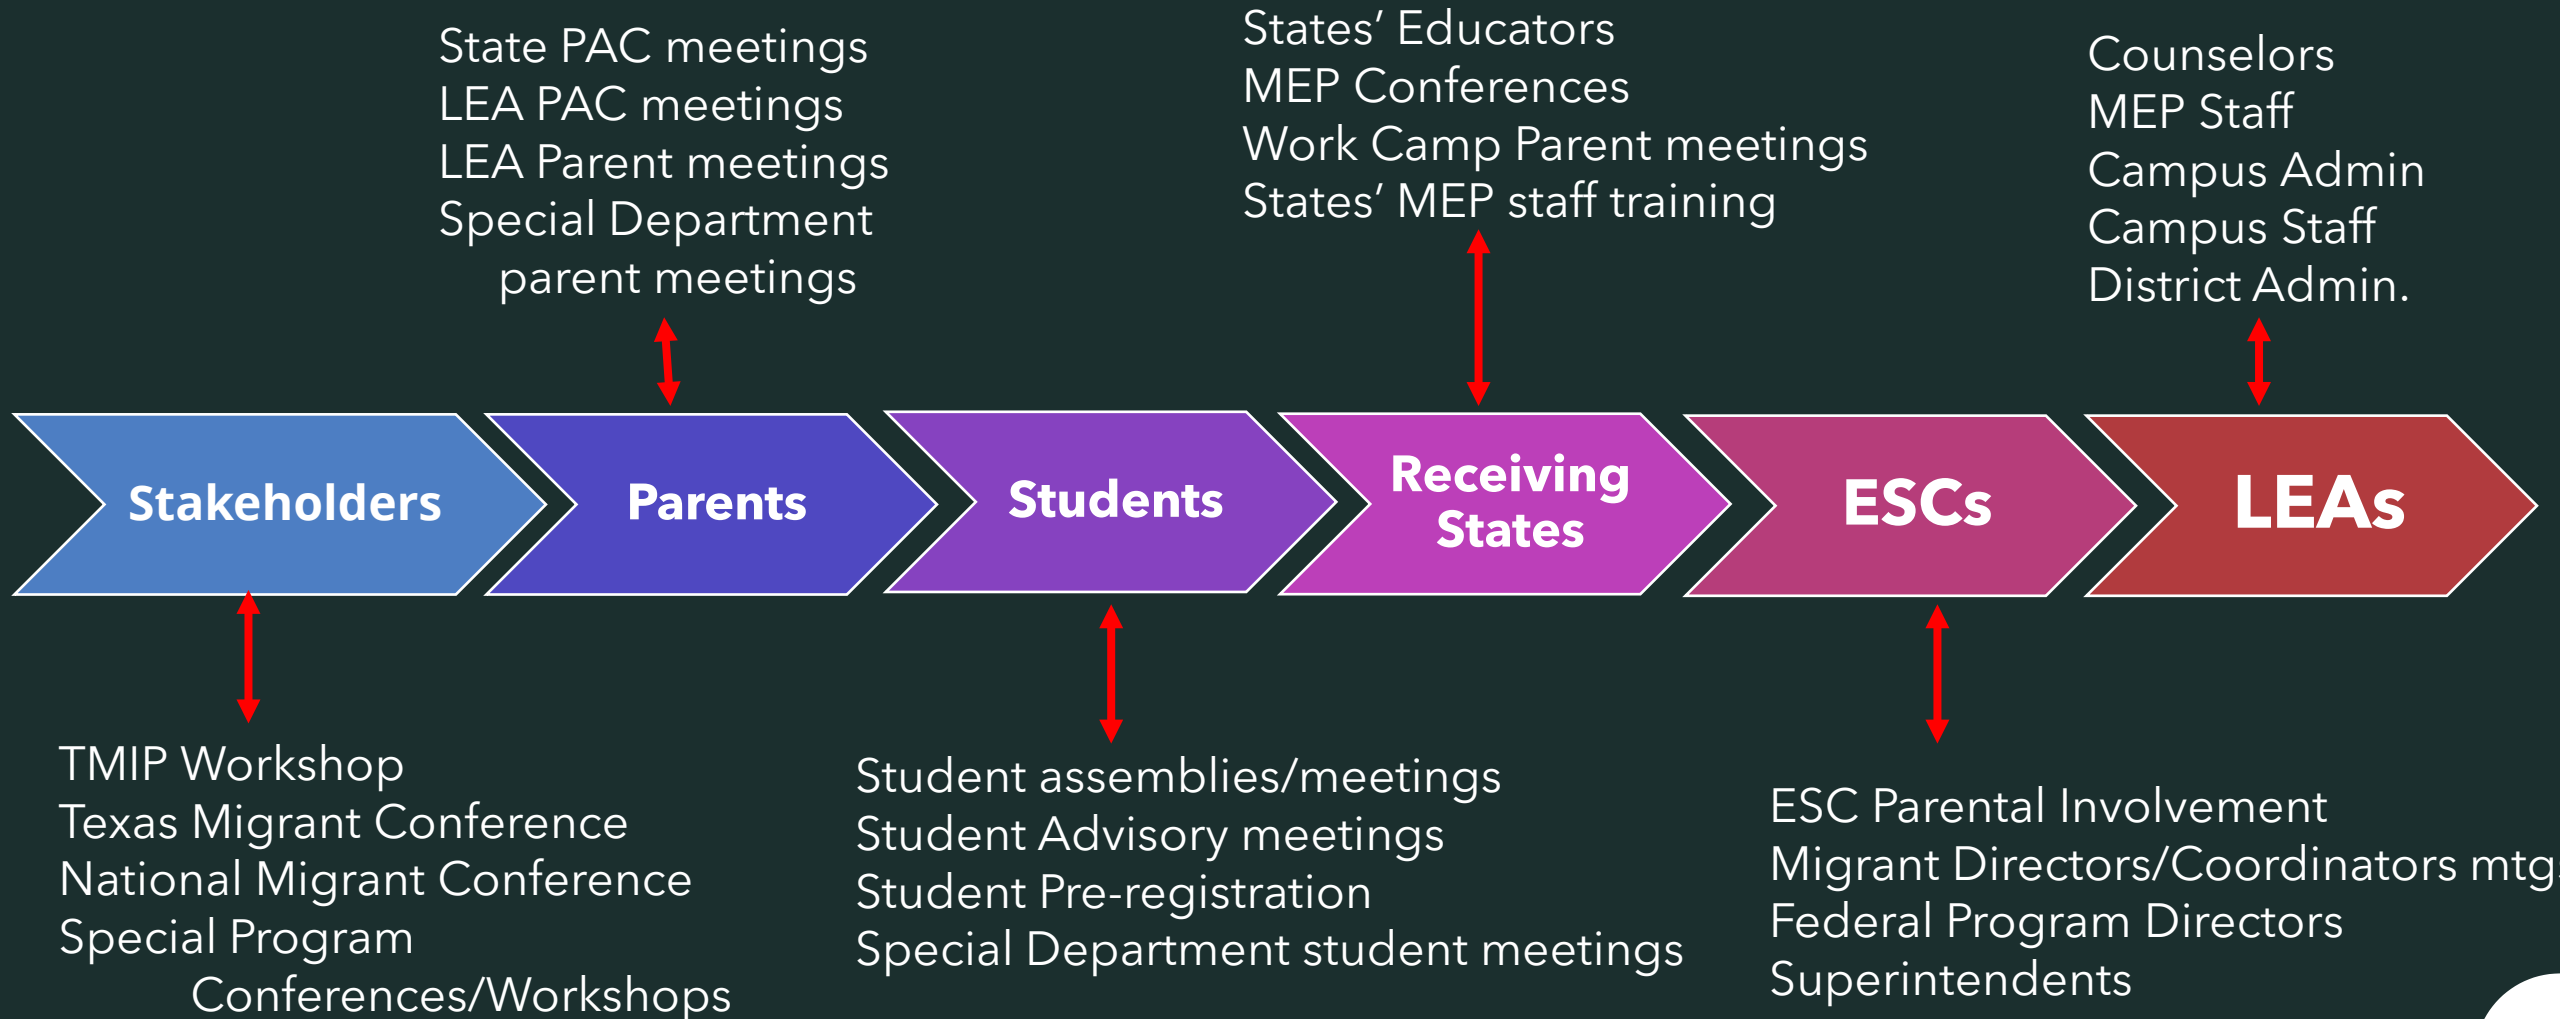

\*\*\* Beginning with students enrolled in Grade 12 during the 2021-2022 school year, must complete and submit FAFSA, TASFA or a waiver with Texas school district before graduating from high school.
